The Heroic Deed.
Whatsoever is not simple, whatsoever is affected, boastful, and wilfully-eccentrous—families, even destroys, the heroic character of a deed; because all those faults spring out of self. On the other hand, wherever you find a perfectly simple, frank, unconscious character, there you have the possibility at least of heroic action.—Kingsley.

But Keep Them Apart.
Job Tunkins says that motorists and pedestrians ought to get over the idea that they are natural enemies.—Washington Evening Star.

Privilege Rarely Neglected.
By asking one question a man gives a woman the right to ask questions for the rest of his life.—Boston Transcript.

Fussers.
"Dey's some people in dis worl' so fond o' fussin'," said Charcoal Eph, ruminatively, "dat day all jes' natchally fuss an' fuss 'cause day ain't got nothin' t' fuss about."—Richmond Times-Dispatch.

Tests for Poets.
Poets in China adopt curious methods of publishing their work. They sling their poem to a gathering of scholars. Each piece of work is examined, and if it has any merit his audience requests the honor of copying it.

Every Man's Duty.
The constant duty of every man to his fellows is to ascertain his own powers and special gifts, and to strengthen them for the help of others.—John Ruskin.

FLORENCE
Oil Stoves & Ranges

"If it has no wicks, how do you light it?"
When women are told that the Florence is wickless they ask—"How do you light it then?"
The answer is—just touch a lighted match to the asbestos starting ring. The result is a hot blue flame. This flame can be raised or lowered to suit your needs by simply turning a regulator.
The Florence burns kerosene—a clean fuel and a cheap one.
A Florence Oil Stove stands ready for use in this store. Come in. Turn the burners up and down. See how simple the stove is to light and how easy to clean.

Dedication at Plymouth rock, Plymouth, Mass., of the American flag which was carried in formal procession to the town of Lexington, Mass., as an official patriotic greeting from town to town.

HOLLYWOOD

Planting corn seems to be the order of the day again. Recently the farmers hehe were compelled to stop on account of the weather.

Mr. Willis Asther, of Brookneal was the week-end guest of Miss Mary Covington.

Mrs. Nora Pollard, of Aspin, who spent last week at the home of Mr. R. M. Mann returned home Saturday.

Mr. Willie Sheppard and sister, Georgia spent Sunday with Mrs. Tom Connor.

We are glad to hear that Mr. Titus Beasley is expected home this week to spend the summer. Mr. Benjamin Rummer, of Louisville will come with him. Mr. Rummer spent his vacation here last year and made many friends who will welcome him back.

We are sorry to learn that little William Ferguson went out too soon after having measles and is very sick with pneumonia.

The measles which have been raging around here seems to have died down. There are not so many cases now.

Mr. James Beasley and family, of Richmond, spent a few days last week with relatives near Hollywood.

Mr.and Mrs. S. M. Cawthon and son, Demry and Robert were visiting relatives in Lynchburg Sunday.

Mr. Richard Jenkins spent the latter part of last week with friends in Lynchburg.

The political crane seems to have taken possession of the people all over the County. It has reached even so remote a place as old Hollywood. Rev. W. W. Pippin made a speech at the school house Thursday night and seems to have created quite a little excitement even among those who do not vote.

There will be preaching at Hollywood Church Saturday and Sunday by Rv. Burnette. Our new pastor.

Vera

Her many friends are glad to see Miss Addie Childers at home after having been away all winter, her school closed last week.

Mrs. A. C. Mesnfee is back home after a month's visit to her son, Mr. J. T. Mesnfee, who lives in Richmond.

Mr. Welford Bell, of Abingdon, made a flying visit to see his aunt, Mrs. Daisy Bell, who has been sick for the past month.

Dr. Busey and Dr. Davis, of Lynchburg have also been down to see Mrs. Bell.

Mr. John Everett Childers met with a painful accident one day last week in which one of his fingers was mashed while handling lumber. Dr. Twyman dressed the wounded member and he is getting along nicely.

Mr. Jeff Kinney is sporting a new Chevrolet car and Mr. Walker Garretts has a Paige.

Mr. George Abbitt's new store is nearing completion; which adds an air of prosperity to our community.

Rev. H. Parlette East, of Appomattox, preached the baccalaureate sermon to a cultured audience at Liberty Chapel High School Sunday night. The school closes with an entertainment composed of the grammar grades, Thursday night and Friday night the high school will participate in the exercises.

This community is trying to let in on th good road question. Dr. Christian has been circulating a petition among our citizens to raise a fund to be applied to the road between Vera and Bent Creek. We understand he has been quite successful so far. We hope he may raise the desired amount.

The road force has been at work on our roads and have gotten them in very good shape.

SMILES

Tongues only wag where ears are willing to listen.

The reformer justifies his existence when he begins on himself.

The fellow who aims low never hits above the target in life.

The man who asks questions may expose his ignorance, but in the end he acquires knowledge, to bestow upon others.

Tell your faults to your wife, and they won't seem half as glaring to her as when she learns them from others.

It is only a fool girl who deliberately makes a fool out of a man.

Never tell a white lie unless you are willing to tell a black one in order to get out of it.

After we have boosted some men up the ladder of fame they begin to acclaim themselves as self made men.

Call for Government Action.

When Mrs. Hudson began to have troubles with her car she determined to investigate thoroughly and scientifically, so she called upon experts of every class. Having interviewed biologists, historians and economists, she thought it unnecessary to show the car to the mechanics. "For," she stated, "everybody has trouble lately, and it's due to nothing in the world but the use of raw materials in the favorites. The government ought to look into it."

ARE YOU A FACTOR IN YOUR COMMUNITY

POSITIVE? - or - NEGATIVE?

In every community there are men and women who can always be counted upon to give their individual support to every worthy institution or cause.

These same men and women are POSITIVE FACTORS in their communities. They stand for all that is better in life and get more out of life.

In YOUR community you will find these POSITIVE FACTORS subscribers of YOUR County paper. Your County paper will grow in direct proportion to the growth of this constructive element.

Wehaveinvested in your Community Pride

The community in which YOU live also contains a number of men and women who may feel in their hearts they want to help, but just put off offering their individual support, thinking they are not needed in the more progressive causes.

These same men and women usually go to the POSITIVE FACTORS for advice and for help.

Few of this group have gotten much out of life, and know little of the events of the times.

This NEGATIVE force does not subscribe to progressive causes nor to THEIR COUNTY PAPER.

New $5,000.00 Linotype Recently Added to Our Mechanical Equipment.

Before entering the newspaper field in Appomattox and Buckingham Counties the publisher surveyed the prospects for progressive growth.

The trend of thought and the individual quality of the old subscribers and prospective new subscribers indicated a field in which a modern, wide-awake weekly newspaper would thrive and would be appreciated.

The reception of our ideals, as reflected through our columns, has been most gratifying.

Our publication has found many new friends—but we need more of them.

You want the news of the nation, State, counties and communities presented to you in a clear, orderly manner. THE TIMES-VIRGINIAN presents the news as you want it, and has added new news features.

Your home will be made more pleasant with THE TIMES-VIRGINIAN as your courier of news which is worth while.

YOUR subscription is needed NOW

Anticipating the natural demands which accompany a growing newspaper and printing plant we have purchased a new Linotype machine and have added other new machinery.

The Linotype machine alone, which replaces the old hand type-setting method, represents an investment of $5,000.00. The other new equpment represents an additional substantial investment.

We must have the support of every man and woman to make possible the improvement which has been in progress for the past few months.

Our changes in policy and improvements have been gradual. By June 1st the proposed changes will make possible a weekly newspaper, which will be a credit to this section of the State.

We welcome suggestions and criticism. If our news columns do not contain the variety of news you wish, we will appreciate your suggestions.

THE TIMES-VIRGINIAN is the newspaper for YOUR home. We want you to feel the proper interest in it.

EDITOR TRI-STATE TOBACCO GROWER APPEALS TO MEMBERS

"Every member of the Tobacco Growers Co-operative Association should be a subscriber to his home newspaper. There is no person more interested in the welfare of the farmer or more likely to do everything possible to enhance that welfare than the editor of your county paper. The Tri-State Tobacco Grower will tell you each month what is going on in the Tobacco Growers Co-Operative Association. Your county paper, however, will tell you every week what is going on in the county and the country, and you ought to know that. Generally, the information the farmer obtains from his local paper in a week is worth the cost for the whole year. Subscribe for your county paper and keep your subscription paid up. You owe that much to your local civic pride, and you certainly owe it to your country editors, who have always been your best friends."
